GULFSTAFF: PEOPLE SOLUTIONS

Meeting all your staffing needs

Gulfstaff LLC offers superior staffing solutions to all your company's staffing needs. Whether you need someone to fill in on a temporary basis or you require a long-term solution to a staffing gap, **Gulfstaff** can provide you with the people you need, when you need them.

We continually recruit the best people, screen them, and match them to the needs of our clients. Have a special requirement? We can recruit specifically to fill that position or develop an on-the-job training program to upgrade an existing or new staff member. In many cases, state and federal programs will help defray the cost of on-the-job training, and we can design a qualified program for your company.

Gulfstaff's flexible placement programs offer you choices. Hire someone for a day (or less), a week, a month, or permanently. Try before you commit with our temp-to-perm placement plans. Hire someone on a permanent basis with us and you have 30 days to evaluate the fit. Not satisfied? We'll replace the employee at no cost.

We offer People Solutions that help your business grow.
